

Decision 04-04-049 April 22, 2004

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Igor Skoro as a seller and Balbir S. Rana as a buyer for approval of the transfer by sale of the operating authority held by Igor Skoro in Passenger Stage Corporation Certificate 14147 from seller to buyer, pursuant to the provisions of Public Utilities Code #851.

Application 04-02-004
(Filed February 2, 2004)

O P I N I O N

Summary

This decision grants the application to transfer, pursuant to Pub. Util. Code § 851 et seq., a passenger stage corporation (PSC) certificate from Igor Skoro (Transferor), an individual, to Balbir S. Rana (Transferee), an individual.

Discussion

Transferor is authorized by Decision (D.) 01-06-066 to operate as passenger stage corporation (PSC-14147) to transport persons and their baggage on an on-call basis between points in Alameda, San Francisco, San Mateo, and Santa Clara Counties, on the one hand, and San Francisco, Oakland, and San Jose International Airports, on the other hand.

This application requests approval to transfer the PSC certificate from Transferor to Transferee. A family problem has diminished Transferor's ability to effectively operate the business. Transferee has agreed to purchase the certificate for \$1,000. No other assets are involved in the transaction.

Transferee already holds authority from the Commission to operate as a charter-party carrier (TCP 16586-P). He operates one 7-passenger van. Attached to the application is Transferee's unaudited balance sheet as of February 2, 2004, that discloses assets of \$103,400, liabilities of \$12,000, and net worth of \$91,400.

Notice of filing of the application appeared in the Commission's Daily Calendar on February 10, 2004.

In Resolution ALJ 176-3128 dated February 11, 2004, the Commission preliminarily categorized this application as ratesetting, and preliminarily determined that hearings were not necessary. No protest has been received. Given this status, public hearing is not necessary, and it is not necessary to alter the preliminary determinations made in Resolution ALJ 176-3128.

This is an uncontested matter in which the decision grants the relief requested. Accordingly, pursuant to Pub. Util. Code § 311(g)(2), the otherwise applicable 30-day period for public review and comment is being waived.

Assignment of Proceeding

Richard Clark is the assigned Examiner in this proceeding.

Findings of Fact

1. Transferor is operating as a PSC pursuant to D.01-06-066.
2. Transferor requests approval to transfer his PSC authority to Transferee.
3. The proposed transfer will not be adverse to the public interest.
4. No protest to the application has been filed.
5. A public hearing is not necessary.
6. It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment.

Conclusions of Law

1. The proposed transfer is in the public interest and should be authorized.

2. Since the matter is uncontested, the decision should be effective on the date it is signed.

3. Only the amount paid to the State for operative rights may be used in rate fixing. The State may grant any number of rights and may cancel or modify the monopoly feature of these rights at any time.
